

SARA SANDERSON | Artist Statement

My work balances the worlds of memory and realism. Drawn to organic landscapes and structures, the paintings offer an intensity of color, brushwork, and gesture. My work captures the essence of a subject while allowing the viewer to imagine their own sentiment. Beginning with a simple drawing, the paintings take shape through observations of light and shadow which allows for a visual melody to unfold.

“A painting requires a little mystery, some vagueness, some fantasy. When you always make your meaning perfectly plain you end up boring people.” – Edgar Degas
